SPECIAL REQUESTS:

If you have a certain coach or player that you are requesting your child play on their team, please type your request in the Special Request section. This only applies to non-draft divisions.

PLAY UP / PLAY DOWN REQUESTS:

All consideration will be made for your child to play down when requested. If you request that your child play up, the decision has many more variables. You will be contacted by the league commissioner or player agent if your request is granted. **HOWEVER, if your child is required to tryout; they MUST tryout with their assigned age group—NOT the requested division.**
