Hello Ukiah baseball families,

I just want to give a little rundown on how we are planning to start this baseball season off. Once registration is open we will start to place kids in groups of 10-12 players. This will not necessarily be the team your child will be playing on. We just want the kids to get a chance to get out and get some exercise. Hopefully we will only have to do this for a couple of weeks. Once we get a better idea on when we can play games we will do a draft in the minors and majors divisions to start the season. We will then have a little time to practice as a team and then get into games. It is my hope that we will be playing games in April! But if we can not play games, we will at least get the kids out there to practice. They will get to socialize, exercise, and be outside.

We will be asking that if possible you please pay the registration fee again this season and donate last season fees. We know this isn't possible for everyone but we did not get a chance to fundraise last season to make-up any money for the upcoming season. There are costs even though there was no baseball. Also there is a registration grant through TMobile that can help pay this season. Here is the link for that. <https://www.littleleague.org/call-up-grant-program/>

This is going to be an unusual season this year but I am confident that there will be a season. We need coaches, board members, volunteers, and parents to step up big this year. If you are interested in any of these spots please reach out to the Ukiah LL. We all need to be mindful and follow the covid guidelines that are in place so we can get your kids out there playing again. We also need to be kind and respectful to each other in these uncertain times. There are many views on how to handle this and we are all doing our best to do the right thing for our children. Let the kids play! If you have any questions please email the league or hit us up on Facebook. Always Working, Always learning!!

Thank you
Scott Marsh
